WHITMINSTER PARISH PLAN QUESTIONNAIRE RESULTS

SECTION 15 – CULTURE

72 Asking households to describe their culture/ethnicity, the following responses were obtained:

While 29% of households did not respond to this question, 99% of those households that did respond described themselves as British/White.

73 When asking households if their spiritual needs were met within the village, 60% of households indicated that their spiritual needs were met within the village.

74 When asking households for additional information, the following points were given:

- A place for children to gather under supervision is required.
- The village hall needs to be more child friendly.
- Traffic calming urgently required on School Lane.
- Development of facilities for children.
- Church services held in the village hall, church too far out of village.
- Village pavements need extending/maintenance to accommodate children and pushchairs.
