56% of households stated that they were not satisfied with the District Nurse provision.

When asking households if they were satisfied with the Health Visitor provision.

73% of households stated that they were not satisfied with the Health Visitor provision.

## WHITMINSTER PARISH PLAN DATA

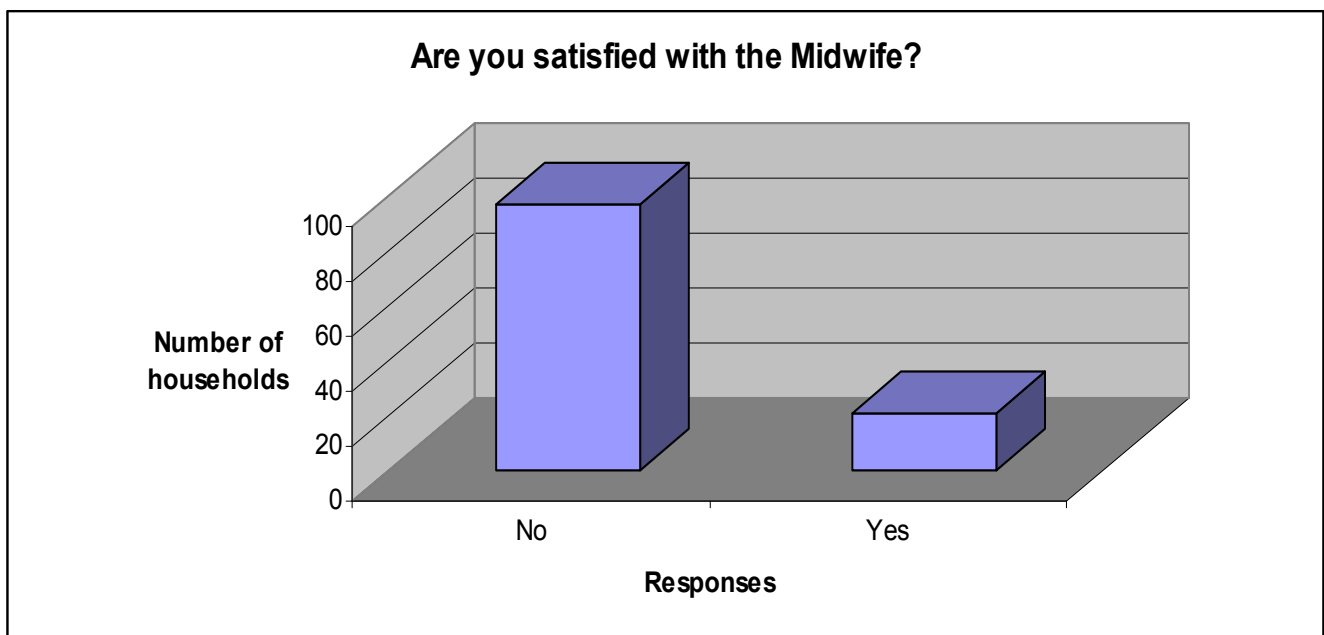

When asking households if they were satisfied with the Pharmacy provision.

73% of households stated that they were satisfied with the Pharmacy provision.

When asking households if they were satisfied with the Midwife provision.

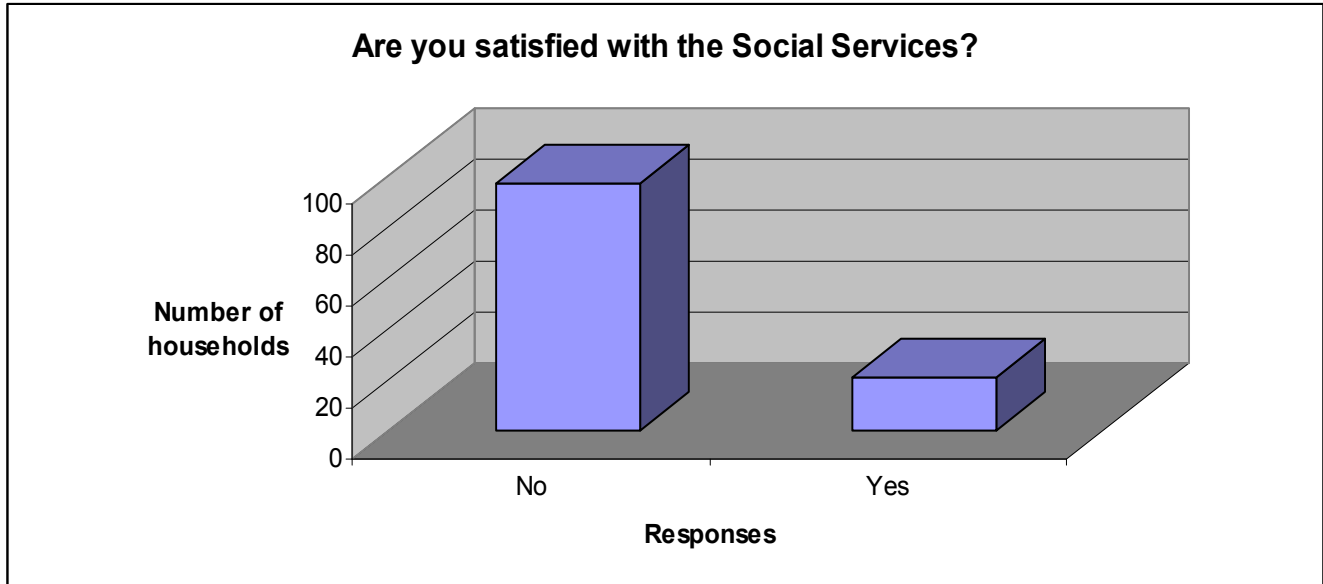

82% of households stated that they were not satisfied with the Midwife provision.

## WHITMINSTER PARISH PLAN DATA

When asking households if they were satisfied with the Social Services provision.

82% of households stated that they were not satisfied with the Social Services provision.

14b. Reasons given by households to explain why they were not satisfied with the current provision of health and social care:

- Lack of transport and access to surgeries.
- No time in the community for midwives based in Stroud.
- Limited provision for disabled individuals.
- Difficult to get appointments.
- Appointment times not maintained.
- A need for greater training for individuals working in Pharmacies.
